3 Payment

When taking your vehicle to your selling dealership, we can often pay them directly, saving you the trouble of seeking reimbursement. However, if you choose an alternate repair facility or when your claim occurs outside of normal business hours, you may be required to pay the facility directly and follow the steps below for reimbursement.

- **Reimbursement Eligibility:** In such cases where you are required to pay the repair facility directly you are eligible to be reimbursed for any amount authorized by MAG.
- **Reimbursement Timeline:** Reimbursement typically takes less than 10 days from when we receive the required documentation. Reimbursement checks are sent to the address we have on file with your contract. If you have a need for your check to be sent someplace else, you must make request of that when submitting all your documents to MAG.
- **Documents Required:**
 - A copy of the repair order itemizing:
 - Part numbers and part costs for any authorized parts
 - Labor cost for each authorized item
 - Taxes
 - Any fees outside of the above must have detailed description that matches what was authorized.
 - Proof of payment for the repair order
 - Signed tire and wheel claim form
